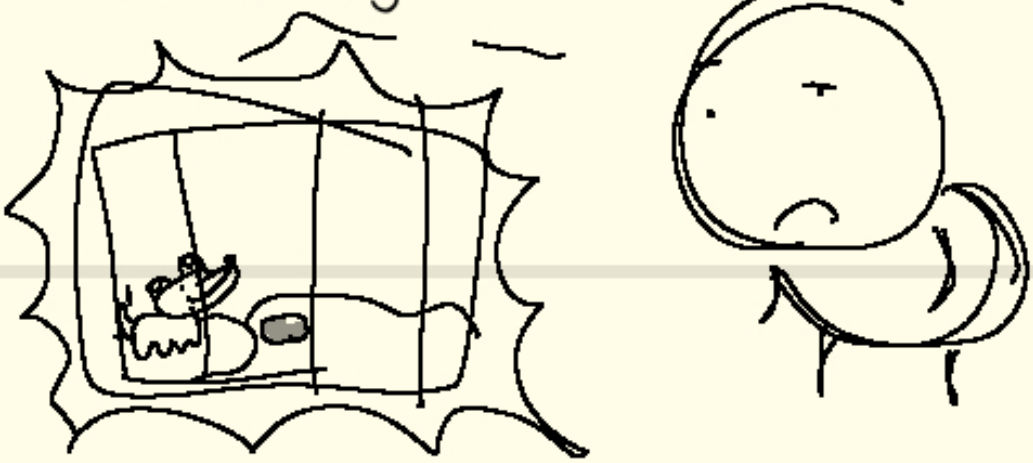
DIARY of a CLEARY UNFAMOUS KID

Tough Luck

FIRST ENTRY

FRIDAY

So, I paid my respect to my dog. She is okay though, although there's a little jolly rancher inside her cage.



Then I wondered to myself. Why was there a cherry jolly rancher inside my dogs cage? I went to go tell my mother why.

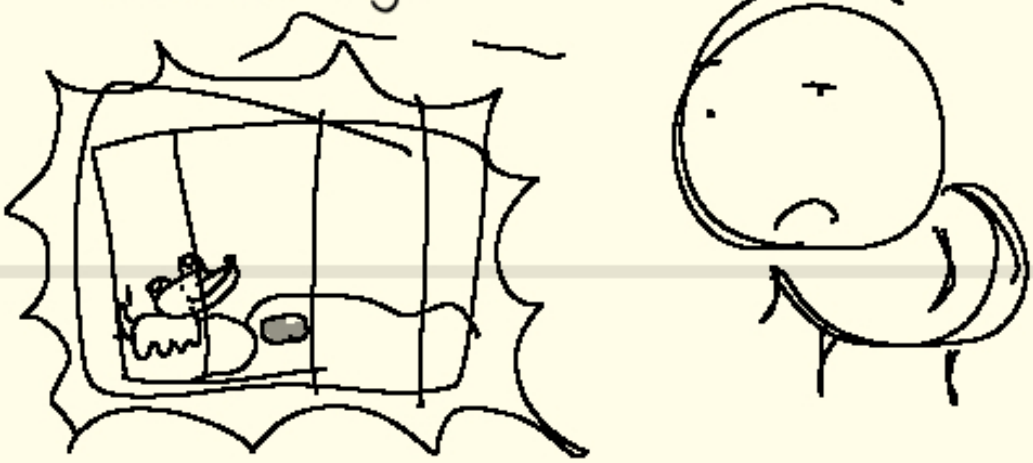
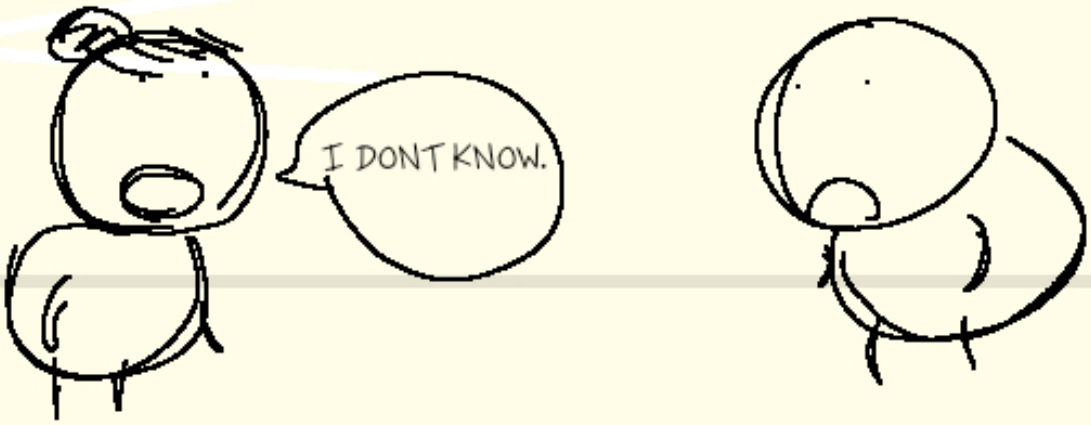
SATURDAY

So, I paid my respect to my dog. She is okay though, although there's a little jolly rancher inside her cage.

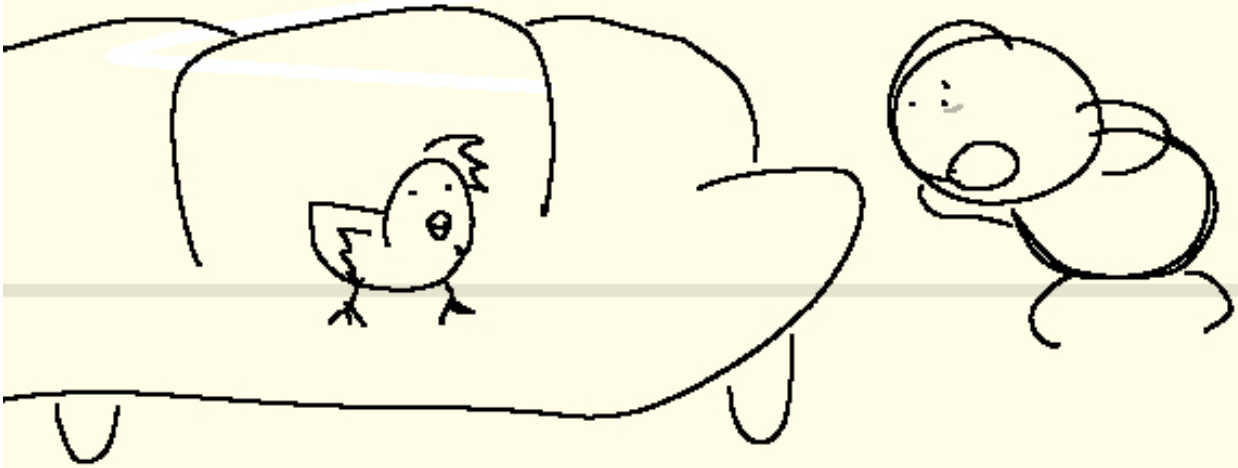


Then I wondered to myself. Why was there a cherry jolly rancher inside my dogs cage? I went to go tell my mother why.



FIRST ENTRY

I went to eat breakfast, I had some cereal with strawberries, it was delicious and all then my mother came out of her office and I said what happened and she said "I vacuum all the stuff the chickens, dogs, and the birds made". Apparently the dogs, and chickens, and birds made a mess which they can do cause they'll poop on the floor and push random items in their cage and they'll fall out. Sometimes my bird will just fall out her cage and somehow land on the couch like the bird is Ms.BreaksGravity-A-Lot.



SECOND ENTRY

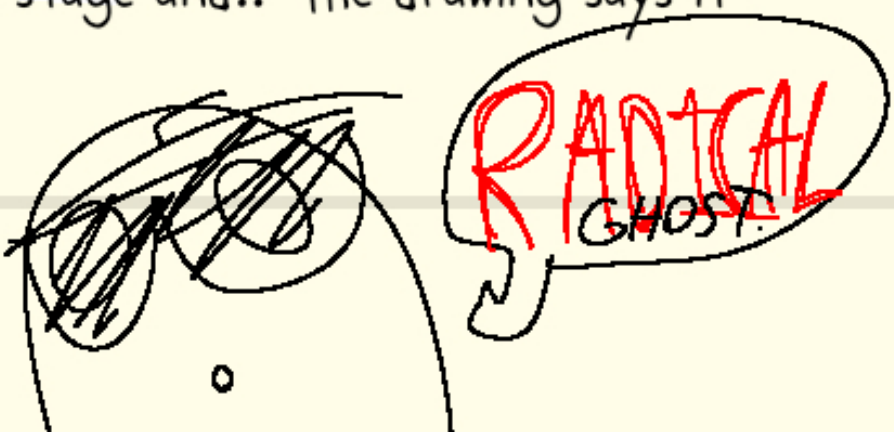
Speaking of a chirstmas catastrophe, there was a Halloween catastrophe cause of the POTLUCK

And the costume we wear had to be categorized, it was P.S, it was Red Ribbion Week. So there was a challenge that came with it. It was Apple Bobbing

SECOND ENTRY

There was a second activity that came with it too. It was what was the BEST costume. And none of then were THAT GOOD. Except that UFO and doll from Saw.

I was PLANNING to be a Person from the CA-LE-FORN-YA gold rush. But I chose to be a "Radical Ghost" for Halloween. But Jerry walked up the stage and.. The drawing says it all



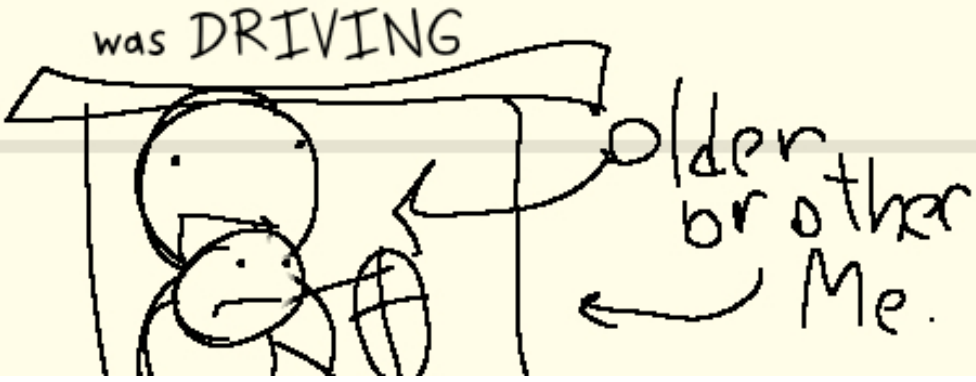
SECOND ENTRY

And after I gave him one he said that it isn't spicy anymore.

After that potluck I came out looking like I came outta my grandma's house. Eating all that snacks and stuff really made me extremely FULL. But next entry I'll probably talk about something else.

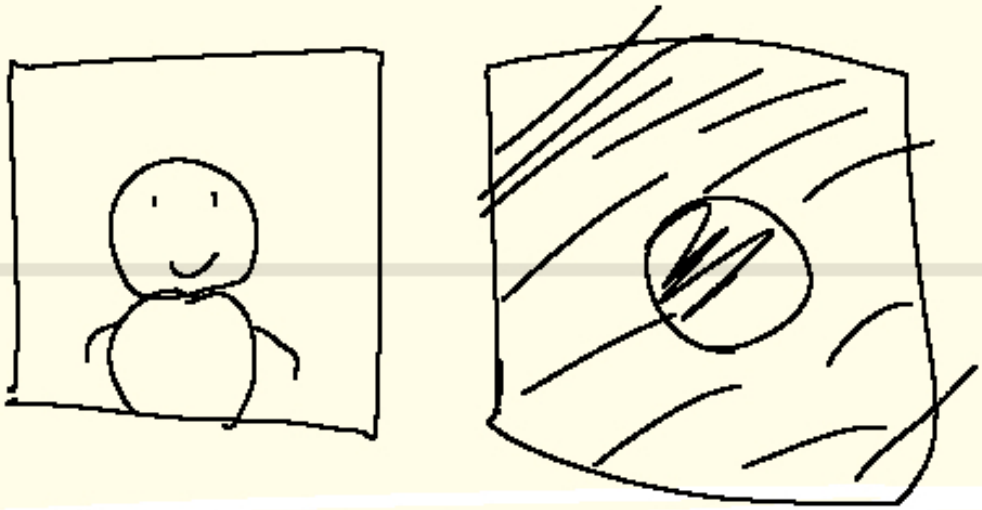
THIRD ENTRY

I walked back into the room, Jerry said that he's going to eat something. WITH THE PLUSH HE GOT. I found it weird that he brung it with him but it was no biggie. He went to eat some chips from the shelf. So I waited. I forgot to mention that he went outside for the new cycle. But it wasn't dad driving. It was JERRY! He told me and I thought it was a STUPID Idea to let Jerry drive. But he told me that he did GOOD. I had a feeling in my gut that he was lying. But later in the day my Dad was outside so me, my older brother and Jerry decided to pretend that my older brother was DRIVING



THIRD ENTRY

Then I went back inside, then outside, then inside to eat. Then outside to play but my older started calling.



P.S: he was on his IPhone 1. He was calling his friend because his friend probably called HIM, which made me, go back inside.

FOURTH ENTRY

For me it's night, but my dad did I barbecue so I decided to go outside LATE. I don't know what I'm thinking but I came out late.

Then like the same thing as earlier entry's. My older brother PRETENDED he was driving the CYCLE.

FOURTH ENTRY

Then late in the day he actually DROVE the cycle. And plus, I was in the BACK OF THE CYCLE. It had the back of a truck, and I was in the back. P.S, With my brother.

AND HE DROVE LIKE A MADMAN! It was fighting cause when he was moving back he hit my back.

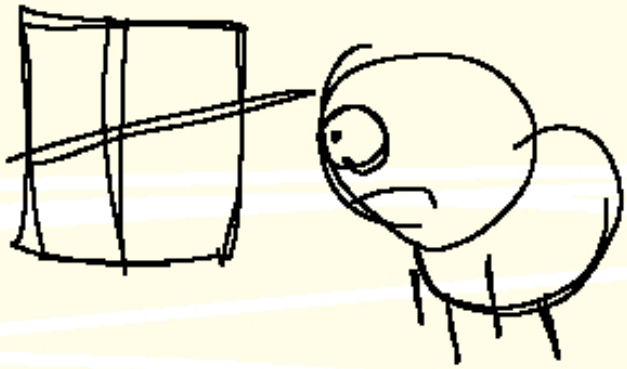
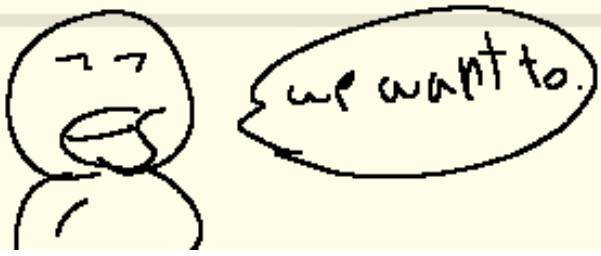
FIFTH ENTRY

MONDAY

I was spending my non-unsual day doing my normal hobbies but I felt something wrong.. It was just me in here so I checked outside and something unbelievable happened.



It was my literal brothers at the so called "cycle" or golf cart. While my dad was fixing it so I went to my brother's why and they just wanted to be here.



FIFTH ENTRY

After my father was done fixing it my dad asked the riskiest thing. "Wanna ride?" and both of my brothers said "Yeah!" and it was a two beats one so that means I had to go in the back and at least it wasn't my OLDER BROTHER driving cause last time he drove like a MAD-MAN. It was a TRAMATIC experience in my opinion. And plus if you didn't remember. It was my older brother driving. As I was saying, I went on the back of the "cycle" and took my CHIPS with me. That means when I get back I have to throw the bag away. I forgot to mention, I'm a really. REALLY fast eater.

FIFTH ENTRY

As soon I came back from that not mad-man "cycle" drive I took a shower. I don't know why cause I am not covered in dust. Unlike my brother, he was the dustiest guy I have ever seen.

He looked like that one character from Peanuts. I'm not sure what his name was but he was one heck of a dirty kid. And the dust at my house was DEADLY dust. So one sniff and your dead! So I totally had to cover my nose around my brother.

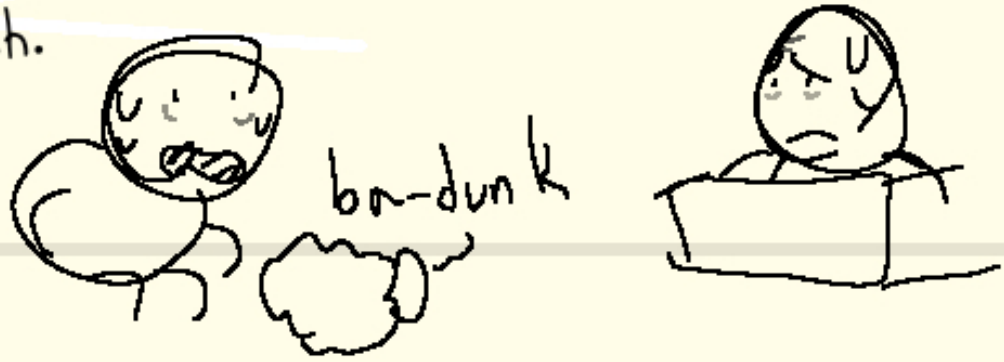
SIXTH ENTRY

WEDNESDAY

I was enjoying my typical day, it was the middle of the day so my mother came in the room and said something about CHORES. And there were two roles. "Trash Police" and "Water Patrol" The so called "Trash Police" is when the bathroom, kitchen, etc. is overfilled. So, the "Trash Police" takes out the overfilled gunk. And the "Water Patrol" is when the refrigerator is LOW on waters. And it was a real struggle, infact, it was super hot at the time I'm writing this. So yeah.



SIXTH ENTRY

Also, I forgot to mention, back on Tuesday, It was night. I was finishing the "Diary of a Wimpy Kid" Movie my mother came into the room. I'm not sure if she turned off the A.C or turned on A.C. Then I told her if I could go to the bathroom, although it is my body. But it feel illegal to not ask. Because, passing my mother feels like a crime.

So I asked instead.
